& Classes

Corporate Dinners

Award Galas

35+ YEARS OF PROBLEM SOLVING

Conventions move fast. Schedules change, speakers run long, and sometimes the photograph you need wasn't even in the plan.

After 35+ years, I've learned to expect the unexpected. I'm flexible, comfortable working with people, and experienced enough to solve problems without making them **your** problems.

My job is to make photography one less thing you have to worry about.

“...He was the photographer at the company convention for several years. Greats photos, reliable, fun and hard working is how I would describe Brody and his work.”

Bill S. — Dallas, TX
