35+ YEARS OF EXPECTING THE UNEXPECTED

Corporate events don't always go according to plan. Schedules change, locations change, and sometimes the best moments happen when nobody expected them.

After 35+ years, I'm comfortable adapting on the fly, working with everyone from executives to guests, and keeping the photography relaxed and easy.

**You enjoy the event.
I'll worry about the photographs.**

“Brody was an absolutely phenomenal photographer. He was fun, professional and did an amazing job.”
