## 35+ YEARS OF JOINING THE PARTY

Great event photography isn't about standing against a wall waiting for something to happen.

After 35+ years, I've learned when to step in and organize a group, when to give a little direction, and when to disappear into the crowd and let the fun happen.

**You enjoy the party.  
I'll make sure you remember it.**

“Brody was an absolutely phenomenal photographer.  
He was fun, professional and did an amazing job.”
